## DEMOCRATIC TICKET.

Winners of the Prizes at the Columbus Convention.

### A LONG CONTINUOUS SESSION.

It was a Free Silver Convention Throughout—The Platform Almost Exclusively Devoted to the Money Question—An Anti-Trust Plank and a Cuban Resolution Adopted—The Ticket as Named.

COLUMBUS, O., July 1.—The Democratic state convention here yesterday was one of the most memorable political occasions in the history of Ohio. It was a convention of unanimity on principles and of differences on men, especially on those who were candidates for places on the state ticket. In the contests for favorites it was also a convention of endurance, as the delegates took no recess and were in session continuously from 10 a. m. till almost that hour at night.

It was a silver convention throughout. Every candidate whose name was presented was announced as orthodox in silver doctrine as the cardinal principle for his favorable consideration. While there were some differences of opinion about adopting the anti-trust and Cuban resolutions, there was not a dissenting voice in the convention to the declaration for the free and unlimited coinage of silver at the ratio of 16 to 1, without the co-operation of any other nation. The following is the platform as adopted:

The Democrats of Ohio, in convention assembled, reaffirm and endorse the declaration of principles contained in the platform adopted by the Democratic party in national convention at Chicago, in 1866, which platform declares the money question paramount to all others at this time, and is as follows:

We invite attention to the fact that the constitution names silver and gold together as the money metals of the United States, and that the first coinage law passed by congress under the constitution made the silver dollar the money unit, and admitted gold to free coinage at a ratio based upon the silver dollar unit. We declare that the act of 1873 demonetizing silver without the knowledge or approval of the American people has resulted in the appreciation of gold and a corresponding fall in the prices of commodities produced by the people, a heavy increase in the burden of taxation and of all debts, public and private, the enrichment of the money-lending classes at home and abroad, the prostration of industry and impoverishment of the people.

We are unalterably opposed to monometallism, which has locked fast the prosperity of an industrial people in the paralysis of hard times. Gold monometallism is a British policy, and its adoption has brought other nations into financial servitude to London. It is not only un-American, but anti-American, and it can be fastened on the United States only by the stifling of that spirit and love of liberty which proclaimed our political independence in 1776 and won it in the war of the revolution. We demand the free and unlimited coinage of both silver and gold at the present legal ratio of 16 to 1, without waiting for the consent of any other nation. We demand that the standard silver dollar shall be a full legal tender, equally with gold, for all debts, public and private, and we favor such legislation as will prevent for the future the demonetization of any kind of legal tender money by private contract.

We are opposed to the policy and practice of surrendering to the holders of the obligations of the United States the option reserved by law to the government of redeeming such obligations either in silver coin or gold coin.

We are opposed to the issuing of interest bearing bonds of the United States in time of peace, and condemn the trafficking with banking syndicates which in exchange for bonds and at an enormous profit to themselves supply the federal treasury with gold to maintain the policy of gold monometallism.

Congress alone has the power to coin and issue money, and President Jackson declared that this power could not be delegated to corporations or individuals. We, therefore, denounce the issuance of notes intended to circulate as money by national banks as in derogation of the constitution, and we demand that all paper which is made a legal tender for public and private debts, or which is receivable for duties to the United States, shall be issued by the government of the United States, and shall be redeemable in coin.

We hereby declare all trusts and monopolies hostile and dangerous to the people's interests and a standing menace to the perpetuity of our free institutions; and we demand the rigorous enforcement of all anti-trust laws and such additional legislation as is necessary for their immediate and final suppression.

We demand the recognition of the beligerent rights of the republic of Cuba as an act of justice to an American nation struggling for liberty against foreign oppressors, and we denounce and protest against the action of Senator Hanna in voting to nullify the memorial presented to congress unanimously by the legislature of Ohio in favor of the Cuban patriots.

In support of these principles we invite the co-operation of all men who love liberty and hate corruption, oppression and tyranny.

The following names were then placed in nomination for governor: Paul J. Sorg of Middletown. Allen W. Smalley of Upper Sandusky. Allen W. Thurman of Columbus. D. D. Donavin of Deshler. Robert T. Hough of Hillsboro. Samuel L. Chapman of Jackson. Samuel M. Hunter of Licking county. John M. Van Meter of Chillicothe.

A. W. Patrick of Tuscarawas. James A. Rice of Canton. The first ballot resulted: Sorg, 116; Smalley, 128 3-4; Thurman, 78; Donovan, 100 3-4; Chapman, 241 1-2; Hunter, 61; Van Meter, 29; Patrick, 60; Rice, 113; Lentz, 9; Warner, 3; John G. Reeves, 17. Necessary to a choice, 480.

In a state of great confusion just as the call of the counties on the second ballot was concluded the name of Paul J. Sorg was withdrawn and H. L. Chapman was nominated for governor by acclamation.

Melville D. Shaw of Wapakoneta was nominated for lieutenant governor by acclamation.

For supreme judge, the first ballot resulted as follows: J. P. Spriggs, 455; I. N. Aternathy, 360 1-2; Lewis D. Johnson, 54 1-2; Seth Weldy, 38; John J. Harper, 92. The second ballot resulted as follows: Spriggs, 613; Aternathy, 822; Harper, 7; Johnson, 1. Spriggs was nominated.

For attorney general the first ballot resulted as follows: W. H. Dore, 438 1-2; John C. Burns, 279 1-2; James Way, 79; Joseph Hidy, 83; John J. De Galley, 23. Necessary to a choice, 480. Before the second ballot proceeded W. H. Dore was nominated by acclamation.

For state treasurer the first ballot resulted: Charles Spenny, 30; James F. Wilson, 245; Charles N. Gaumer, 176 1-2; David M. Fisher, 230 1-2; John L. Kennedy, 237. The second ballot resulted: Spenny, 5; Wilson, 378; Gaumer, 183; Fisher, 278; Kennedy, 146. The third ballot resulted: Wilson, 744; Fisher, 139 1-2; Kennedy, 16; Gaumer, 4. James F. Wilson was nominated.

For member of the board of public works, the first ballot resulted: Lorenzo D. Abel, 270; Peter H. Degnan, 501 1-2; George W. Dinsman, 112 1-2; Hugh D. Clarke, 15. Degnan was nominated.

For school commissioner, the first ballot resulted: S. C. Turnipseed, 40; James H. Lee, 171; C. L. Brumbaugh, 184; George P. Deshler, 15; Byron H. Hard, 428; D. A. Howe, 13. The rules were suspended and Hard was nominated by acclamation.

A motion was made to endorse W. J. Bryan for the presidential nomination in 1900, but under the ruling of the chair, there was a substitute of three cheers for Bryan, which were given with much vigor, after which the convention, at 9 p. m., adjourned, after being in session continuously for 11 hours.

### WORKMEN ELECTROCUTED.

A Dreadful Affair at Cleveland, Costing Two Lives.

CLEVELAND, July 1.—One man was electrocuted near here yesterday, another horribly shocked and several were severely burned. The accident occurred at Nine Mile creek, in the eastern suburb. The men were building a stone abutment with the aid of a huge derrick over the creek. A guy rope served to keep the derrick in position. The rope went over the feed wire of the big Consolidated trolley system. Somehow or other the insulation wore off. Several men took hold of the guy rope to tighten it. That meant death to one, severe injuries to another and dangerous shock to several. A current of several thousand volts was pulsating through the wire.

The first man to take hold of the rope was Jacob Miller. He was 65 years old. Paralyzed, when his hands touched the wire, he gave an ineffectual tug in an effort to free himself. Then with a loud shout he fell dead.

Ed McGregor, another workman, took hold of the wire. With a superhuman effort he released his grasp, but was hurled 20 feet. He was removed to the hospital.

Three other workmen received dangerous shocks.

### FLOODS IN RUSSIA.

Four Hundred Houses in the Town of Kilia Destroyed.

ST. PETERSBURG, July 1.—The lower Danube has overflowed its banks and flooded a vast section of the country. The town of Kilia, in Bessarabia, situated on the river Kilia, the north arm of the Danube, is submerged. The terrific current has already destroyed 400 houses and it is feared that the whole town, whose population is upward of 7,000, will be wiped out.

A fathom of water covers the streets. The inhabitants have taken refuge on the roofs of the houses remaining intact or are camping out in the fields. Already the people are suffering for want of provisions and there is danger that starvation will be added.

### MYSTERIOUS DISAPPEARANCE.

A Chicago Woman Can Not Be Found and Foul Play Is Suspected.

VALPARAISO, Ind., July 1.—The city police have received a letter from A. J. Nichols, 743 West Monroe street, Chicago, inquiring the whereabouts of Miss Jennie McBride, who left that city for Valparaiso March 29, to visit friends here. A thorough search of the city has been made, but no trace of Miss McBride can be found.

Two years ago she owned a large board-inghouse on College Hill, but last January sold out and moved to Chicago. The police department will fully investigate the case. Foul play is suspected.

### Eccentric Old Woman Found Dead.

FRANKLIN, Ind., July 1.—Mrs. Kate Voris was found dead in bed yesterday morning. The death was due to heart disease. She was 70, wealthy, eccentric and lived alone.

### Boy's Neck Broken at Play.

LIGONIER, Ind., July 1.—Warren Garber, aged 7, while playing in his father's barn near Millersburg, fell from the hay mow and broke his neck, dying instantly.

## REAR-END COLLISION.

One Excursion Train Runs Into Another.

### THREE KILLED, TWENTY INJURED

The Accident Occurred Thirty Miles Out of Chicago, to Two Sections of the Christian Endeavor Excursion Train En Route to San Francisco—The Engineer Says the Airbrakes Did Not Work.

CHICAGO, July 1.—A rear-end collision on the Chicago and Northwestern railroad, causing the loss of three lives and serious injuries to 23 persons, marked the departure of the Christian Endeavor delegates for the convention at San Francisco.

The dead are: Mrs. R. Shipman of Fond du Lac, Wisconsin. John Gooding of Fond du Lac, Wis. John Bode of New York city.

An unknown passenger.

The injured are: Mr. and Mrs. W. D. Gibson and son of Appleton.

Raymond and Mrs. L. B. Merish of Appleton.

Mrs. McKay of Appleton.

William Micheletter, wife and three children, of Seymour, Wis.

Mrs. S. A. Russell of Appleton.

Mrs. Algimont Galpin of Appleton, Wisconsin.

Leo Williams, Fond du Lac, Wis.

Dr. E. A. Miller of Clintonville, Wis.

W. H. Finney of Clintonville, Wis.

Miss Irene McAllister of Oconto, Wis.

Mr. and Mrs. C. E. Ripley of Fond du Lac, Wis.

Miss Daisy Blackwood of Depere, Wis.

Mrs. M. M. Baird of Nenah, Wis.

Mrs. A. E. Pfeffer of Nenah, Wis.

Two daughters of Mrs. R. Shipman, the dead woman.

The accident occurred at West Chicago, formerly known as Turner Junction, 30 miles out of Chicago, on the Galena division. Owing to the crash caused by the rush of Christian Endeavor business all regular schedules were abandoned and trains were sent out as fast as filled. Nine sections left the Northwestern depot at intervals of 15 minutes. Sections 1, 2 and 3 got through West Chicago safely, but Sections 4 and 5 did not fare so well. Section 4 was composed of nine cars and carried 300 passengers. Section 5 was composed of 10 cars, carrying 340 persons.

While Section 4 was stopping at the water tank, Section 5 came thundering up behind. The engine hit the rear car of Section 4 a terrific blow. The two rear sleepers of Section 4 were completely telescoped. The two dead passengers were occupants of the last sleeper. The tramp is supposed to have been riding on the trucks.

The road officials accuse Engineer Courtney of Section 5 of disregarding the danger signals.

Engineer Courtney declares that the signal displayed denoted a clear track. He also says that he was running carefully and that there was ample time to stop his train after he had sighted the train in front, but for some reason or other the airbrakes refused to work, as they were in good order at Dixon, five miles back, he believes that tramps intentionally or accidentally tampered with them.

Naturalization papers recently taken out in New York showed the dead tramp's name to be Rode, a native of Germany. He was about 45 years old.

### STABBED IN THE BACK.

Master-at-Arms of the Battleship Indiana Murdered on Shipboard.

NEW YORK, July 1.—Thomas J. Kenny, master-at-arms of the battleship Indiana, was murdered last night on board the ship as it lay at its moorings at the Brooklyn navyyard. The murderer, Philip F. Carter, walked up to him and without a word of warning plunged a bayonet blade up to its hilt in his back.

Kenny was a popular man, though a strict disciplinarian. He entered the service nearly six years ago, served for five years in the marine corps, from which he was discharged with the rank of sergeant. He re-entered the service as seaman and was then detailed to the battleship Indiana in October of last year.

Carter enlisted from Boston in the fall of 1895. He, like the man he killed, is young, being 27 years of age. He has had no service except on the Indiana.

The murder occurred about 7 o'clock, and it had been preceded by an altercation. At 6:10 p. m. "beer quarters" were sounded, and the men took their positions in line on the forward deck to receive their rations of beer. Carter was among the number. He had been absent during the afternoon and had been drinking and was in a quarrelsome mood. He insisted on pushing the others aside, and Kenny noticing his condition, took him out of the ranks and refused to allow beer to be served to him. Carter then seized a bottle of beer and the master-at-arms took it from him and reported him to the officer of the deck. For this Carter was severely reprimanded. This led to the murder.

### STRIKE IN CHICAGO.

Two Hundred and Fifty Bookbinders Are Out and Others Will Follow.

CHICAGO, July 1.—One of the most serious strikes in the printing trades in recent years is predicted as the result of a general strike of union bookbinders in four of the largest printing houses in the city, which was inaugurated yesterday.

Over 250 men are out, and it is said the strike will extend to the pressmen, pressfeeders and printers within a few days. The printing houses involved are W. B. Conkey, George W. Hill & Company, Brock & Rankin and Thomas Krapp.

The bookbinders struck because of a refusal on the part of the firms involved to sign a new agreement promising the employment of union men only. There is no dispute over wages. The present scale is apparently satisfactory to both the men and the employers.

### UNEARTHING THE MYSTERY.

The Headless Body in the New York Morgue Has Been Identified.

NEW YORK, July 1.—The headless body in the morgue has been identified by 10 men as that of William Gulden-suppe, a rubber in a Turkish bath establishment in this city. The head is lacking to complete the body. The first fragment of the body, from the neck to the waist, was found in East river on Saturday. The second fragment, the lower portion of the trunk, was found in the Ogden woods, north of Harlem river, on Sunday. The logs were found in the river off the Brooklyn navyyard yesterday afternoon.

Gulden-suppe had recently been living with Mrs. Augusta Nack, who left her husband for Gulden-suppe. Mrs. Nack had quarreled violently with Gulden-suppe last Thursday on account of his supposed unfaithfulness to her. She is held a prisoner at police headquarters and is charged with the murder. A storekeeper at Astoria, L. I., has identified her as the woman to whom he sold old cloth similar to that in which the fragments of the body were wrapped.

Detectives searched the rooms of Mrs. Nack and found hidden there pieces of this red and yellow old cloth.

Mrs. Nack, when arrested, was preparing to leave for Europe.

Herman Nack, husband of the woman, was arrested yesterday, but was subsequently released, as he proved a complete alibi and the police had no evidence against him. Nack said that his wife was capable of committing the murder, and he suggested that another lover of Mrs. Nack was implicated.

Mrs. Nack is a Bavarian, 35 years old, a large, muscular woman, with a determined face. Her second lover, a man known as "Fred," can not be found.

### A GENERAL SHUTDOWN.

Glass Factories for the Vacation Covering July and August.

MUNCIE, Ind., July 1.—There was a general shutdown last night among the glass factories in the gas belt for the midsummer vacation, and throughout this section it is estimated that fully 20,000 men are laid off. This is not unusual during July and August; and the vacation is utilized by many of the workmen in visiting their former homes.

The two window glass factories in this city each let out 600 workmen, and as there is a wage difference to be adjusted during the vacation, with more or less dissension among the workmen themselves, the prospect for a resumption of work in September is not so flattering as it might be. This dissension is between the flatteners and cutters upon the one hand, and the blowers and gatherers upon the other, with the first named complaining that President Burns is throwing the weight of his influence against them. The exceptions in the general shutdown is the Hemmery and Muncie glass plants of this city, who will be permitted to continue at work, in order to better meet the opposition of nonunion plants.

### DOUBLE SUICIDE.

A Mother and Her Daughter Found Dead Together.

OWENSBORO, Ky., July 1.—Side by side upon a bed, both dressed for burial, the bodies of Mrs. Pauline Weitmeier and her daughter Pauline were found at 10:30 o'clock yesterday. Some time in the night the women had committed suicide by drinking carbolic acid. Two empty glasses and a small bottle of carbolic acid set beside the bed. Another bottle of strong acid was found in the cupboard.

The suicide is a complete mystery. The mother and daughter were highly respected and their circumstances were comfortable.

The daughter left a note, which reads: "If I had not been so cross to mother this would not have happened." From this it seems possible that the mother may have committed suicide, and, the daughter, making the discovery, may have decided to end her life beside her mother.

### MONUMENT FOR LINCOLN'S MOTHER.

Movement to Provide a Fund for the Care of the Grave.

INDIANAPOLIS, July 1.—Leading representatives of the Loyal Legion, Grand Army of the Republic, Woman's Relief Corps and other organizations met in the executive chamber of the statehouse yesterday for the purpose of considering plans for the erection of a monument over the grave of Nancy Hanks Lincoln, mother of Abraham Lincoln, and who is buried in Spencer county, this state, and also to provide a fund for keeping the proposed memorial and lot in repair.

A national appeal for public subscriptions will be made by an executive committee appointed for that purpose.

### Miners Called for a Conference.

PITTSBURG, July 1.—A general convention of all the miners in Pittsburgh district, comprising some 35,000 men, has just been called by the officers, to meet here on Saturday morning, when a general strike will be ordered.

## GREAT STRIKE BEGUN

Twenty-five Thousand Iron Workers Quit Work.

### AMALGAMATED SCALE UNSIGNED.

A Failure to Agree on a Puddling Rate Caused the Shutdown—The Conference Committee Demanded \$4.50 a Ton For Puddling and the Manufacturers Would Not Agree to Pay More Than \$4.

YOUNGSTOWN, O., July 1.—Every mill in the United States whose wage scales are under the jurisdiction of the Amalgamated Association of Iron, Steel and Tin Workers, will shut down. These mills altogether employ 25,000 men who are members of the Amalgamated association, besides those who are not. The general shutdown will take place on account of the failure of the Amalgamated association scale committee and the manufacturers to agree on a puddling rate at the conference held here yesterday.

They were in session all the afternoon and did not get any further than the puddling rate. The committee held out for \$4.50 a ton for puddling and the manufacturers refused to budge from their stand for \$4. An adjournment sine die was finally taken, each side to let the other know when it had experienced a change of heart. All the visiting manufacturers and delegates left at once for their homes.

Just before he left, President Garland of the Amalgamated association, received telegrams saying the new scale had been adopted by the Newport Rolling Mill company of Newport, Ky., and the Peninsular Car company of Detroit.

The suspension of work in the steel mills, with the addition of the coming big coal strike, will be the biggest suspension of business at one time for years past.

The steel, sheet, iron, tinplate, flint glass, bottle blowers and window glass workers are all interested in the outcome of the strike.

### NEARING AN END.

The Final Vote on the Tariff Bill Will Soon Be Taken.

WASHINGTON, July 1.—As a result of the rapid work on the tariff bill yesterday, the close of the long debate in the senate and the final vote on the bill is felt to be very near at hand. Two of the most important provisions—those relating to the Hawaiian treaty of reciprocity, and the duty on coal—were perfected yesterday, while another source of much conflict, the reciprocity section, was matured by the finance committee, and presented to the senate.

Aside from these larger items a great many minor ones, which have caused more or less conflict, were disposed of. The Hawaiian provision of the house bill was restored after brief debate and without the formality of a vote. This has the effect of leaving the Hawaiian treaty of reciprocity in full force and effect.

During the day Mr. Turpie of Indiana spoke in support of the amendment for a 2 per cent tax on inheritances. His speech was notable for its picturesque metaphors and the virulence of his denunciation of the pending bill.

### Woodford Sworn In.

WASHINGTON, July 1.—Stewart L. Woodford, the new minister to Spain, called at the state department yesterday and took the oath of office. Later, in company with Captain Bliss and Lieutenant Dyer, respectively military and naval attaches at the United States legation at Madrid, Mr. Woodford called upon the Spanish minister here and paid their respects in accordance with the usual custom, and one observed on his side by Senor Dupuy de Lome before he left Madrid for Washington. Mr. Woodford expects to sail for his post about July 20.

### Attempt at Triple Suicide.

ST. LOUIS, July 1.—What appears to have been a deliberate attempt at triple suicide was made near Wellsville, Mo., at midnight last night. Three men, lying side by side, with their heads upon the rail, were struck by Wabash train No. 6. The first man's head was cut off, the second one's head was mashed and the third received serious internal injuries. Physicians say there is no hope for the recovery of the injured men. Their names are not known. An examination showed that the men were sober when they took their places on the track.

### Lake Steamer Ashore.

HARBOR SPRINGS, Mich., July 1.—The steamer Manitou, bound from Chicago to Mackinac, with 100 passengers aboard, went ashore during a fog at 3 o'clock yesterday morning at Three Mile Point, Little Traverse bay. The steamer Hazel took off the passengers and brought them to this place. The wrecking tugs, Favorite and Onaping, are on the way from Cheboygan to pull the steamer off.

### New Oil Well at Alexandria.

ALEXANDRIA, Ind., July 1.—Oil was struck in Stillwell Brothers' well on W. W. Black's lots Monday morning, and is now flowing 75 barrels a day. The well will not be shot, as it is thought the flow will reach the 150-barrel mark without any aid.

### Child Smothered to Death.

VALPARAISO, Ind., July 1.—At Chesterton, yesterday morning, the 6-months-old child of Mr. and Mrs. William Maben was found dead in bed, having smothered to death.

# MACHINE OILS AND PURE PARIS GREEN AT CHENOWETH'S.

## EVENING BULLETIN.

 THURSDAY, JULY 1, 1897.

INDICATIONS.—Partly cloudy weather, except showers on the lakes; light variable winds.

ACTING Governor Worthington has actually refused to grant a pardon.

The gold Democratic leaders have semi-officially notified the State Republican Steering Committee that the proposition for a fusion of Republicans and gold Democrats in the campaign for Clerk of the Court of Appeals will not be accepted. They decline to place their nominee under the Republican device, a condition precedent to fusion on the Republican side. But why should they decline to do that? Most of them in voting last November stamped under the log cabin.

The Louisville Times, a so-called Gold-ite organ, remarked, unthoughtfully, a few days ago:

English capital is more freely invested in Mexico than is American capital. England is rapidly becoming the owner of its railroads, its mines, its mills and its plantations. Yankee enterprise should get a move on.

Which leads the Dispatch to inquire: If the silver standard does not prevent the investment of English capital in Mexico, how would the free coinage of silver prevent the investment of English capital in the United States? The Times advises American investors to get a move on and invest in Mexico. This shows how absurd and ridiculous the statement is that the free coinage of silver would drive capital out of the country or prevent investments being made in new enterprises.

Is the Times' editor getting his eyes open, or was the above slipped into his paper "unbeknownst" to him?

### FOR SILVER

England Will "Do Something." If the National Review is Right.

LONDON, June 29.—The next issue of the National Review will contain an article announcing an important bimetallic development at the hands of the United States Monetary Commission, consisting of Senator Wolcott, ex-Vice President Stevenson and General Paine, which will arrive here in a few days. The commission, according to the National Review, will present to the British Government a joint statement from France and the United States, declaring their "desire to terminate the disastrous experiments inaugurated in 1873, and explaining our good will and active concurrence."

The National Review adds: "We are able to announce that England's reply will be that the government is willing to reopen the India mints and to make other substantial contributions to the rehabilitation of silver by extending its use in England, by increasing the legal tender of silver, making silver the basis of notes, empowering the Bank of England to use its silver resources, and that material assistance and strong moral support will be given to the object which the United States and France have in view."

### Fourth of July Excursions.

The Chesapeake and Ohio railway will run excursions to Oligo-nunk Saturday, Sunday and Monday, July 3rd, 4th and 5th. Round trip rate for one day will be \$1; good for two days, \$1.50; good for three days, \$2.

This will give an opportunity to every one to visit that famous scenic country. There are no better places anywhere to camp or fish than in the vicinity of Oligo-nunk.

Accommodations have been arranged for those who want to stay several days, and the charge for lodging and meals will be very moderate.

Celebrate the glorious Fourth in the mountains of eastern Kentucky.

For further information call on C. and O. ticket agents or address C. B. Ryan, Assistant General Passenger Agent, Excursion Department, Cincinnati, O.

### Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill street, South Gardiner, Mass., was told by the doctors. His son had lung trouble, following typhoid malaria, and he spent \$375 with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at J. James Wood's drug store.

July 15th to 19th the C. and O. will sell tickets, Maysville to Chattanooga and return, at rate of \$8.95. Dates of sale July 13, 14 and 15; final limit July 21, subject to extension until August 15, by depositing ticket with agent of terminal line at Chattanooga prior to July 19.

### WILL STRIKE BACK.

Argentine Republic Resents the New Republican Tariff, And Will Trade Elsewhere.

CINCINNATI, June 28.—The most significant feature of the tour of the Pan-American commercial men thus far was the expression on the tariff question made by one of the foreigners to-day. The speaker was Carlos Lix Klett, of Argentine Republic, editor of the most prominent newspaper in his country, and a specialist in wool, hides and skins. The place where he voiced his views was the Chamber of Commerce. What he said follows, in part:

"The United States has never had a better opportunity to extend our commercial relations than this one offered by the Philadelphia Museum in assembling noted business men of Latin America as my colleagues are. I am perfectly sure that all of the delegates are inspired with the best wishes in regard to closer relations with the United States, and I should feel very glad if the Argentine Republic should find herself in the same position, but unfortunately, our visit to the United States and our good will are put aside by the Tariff bill that is now pending in your Congress, and whose result will render difficult the realization of closer commercial relations with Latin America. The imports from the United States to the Argentine Republic in 1896 amounted to \$11,214,475. The exports from the Argentine Republic to the United States amounted to \$6,401,362. These official figures show the difference in the commercial balance between your country and mine of \$5,000,000 against the Argentine Republic.

"The two principal products that we export to the United States are wool and hides; we have over one hundred million sheep, which produce every year about two hundred and fifty million kilos of wool, and this article has always been imported into the United States free of duty, the same as we import free of duty your machinery and your petroleum. But now the new tariff bill has imposed a prohibitive tax upon our wool. We have been exporting to your country our hides during the past twenty-five years free of duty, but now you have taxed them with 1½ cents a pound, and you may consider how much this duty will affect our trade when you think we have over twenty-two millions of oxen.

"We have been treated in an unfriendly manner, and, at the same time, you submit to us the idea of a reciprocity treaty. I am very sorry to say that under these circumstances the statesmen of the Argentine Republic will not accept any kind of treaties, not only for certain reasons that you can easily understand, but because our productions are exported free of duty to England, France, Germany, Belgium and Italy, and we receive from Europe all the goods we require, and the capital that we need for our commercial development, and all the immigration necessary to populate our extended territory.

"As we find no compensation nor any reason to tie ourselves to the United States under the present circumstances, we think that taking into consideration the protectionist doctrine of this country we have nothing to do but to use the same principle in our own defense, and impose prohibitive duties upon all the American goods that may be imported into Argentine Republic. We regret very much to take such action, but we will be compelled to do so, and it is convenient to note that Europe is trying by all means to hold the Latin-American markets, and is sending to all of the republics to study the resources, the commerce and the financial state of each. I think I am right when I call your attention to the opportunity that is afforded to you to control the markets of Latin-America, which offers a most extensive field for the consumption of your manufactured products."

### C. and O. Train Record.

The Chesapeake and Ohio train record for the month of May shows that during the month No. 1, Washington and Cincinnati express, arrived at Cincinnati on time 28 days and No. 3, the F. F. V. limited, arrived on time 29 days.

Eastbound No. 2, the F. F. V. limited, arrived at Washington and New York 28 days during the month on time. The Washington and Atlantic express, Train No. 4, reached Washington on time also 28 days during the month.

### Proved Fatal.

"Buck" Lukins, who lost both legs in a railroad accident at Carntown Tuesday, died Wednesday about noon at the St. Elizabeth Hospital, Covington. He was about thirty-three years old, an industrious young man, and had many friends in this city. Burial at Newport this afternoon.

### No Paper Saturday.

No paper will be issued from this office Saturday, and notices of church services for next Sunday should be handed in this afternoon or early Friday morning.

Celebrated for its great leavening strength and healthfulness. Assures the food against allum and all forms of adulteration common to the cheap brands.  
 ROYAL BAKING POWDER CO., NEW YORK.

### KENTUCKY CROPS.

Conditions Continue Favorable and a Steady Improvement in Noted—Report of State Weather Bureau.

[For Week Ending June 28.]

There has been a continuation of favorable weather conditions during the past week. Generally abundant rain has fallen, though a few counties still report an insufficient amount. The rainfall has been very unevenly distributed, some localities having been visited by very heavy showers and other counties reporting rather light rainfall, but the average for the State was considerably in excess of the normal. On the 22nd, 23rd and 24th thunderstorms were very general and were severe in some sections. This was especially the case in the extreme western counties and in some counties of the Blue Grass region. Considerable damage is reported as resulting from these storms. The week was not so warm as the preceding one. Temperature averaged lower than the normal, and there was no day when the heat was excessive for the season. Moderate temperature conditions, combined with abundant moisture and sufficient sunshine, have been conducive to a steady improvement in the growing crops, and there is hardly any variation in the general tone of the reports, which is very encouraging. Of course, the loss resulting from previous unfavorable conditions is not expected to be retrieved entirely. Tobacco and oats suffered to such an extent that full crops from these can not be expected.

Western Section.—The correspondents in this section nearly all report improvement in the condition of all crops. Copious rains have fallen over most of this section of the State, especially in the extreme western counties. Reports of damage by wind and rain have been received from the counties of Ballard, Hickman, Meade, Marshall, Christian, Warren and others. The damage done was mostly to wheat. Trees and fences also suffered, and in a few instances barns. Wheat harvesting is very nearly completed and the yield is generally satisfactory, both as to quantity and quality. Harvesting and threshing have been greatly delayed on account of the frequency of showers. Some fears are entertained that damage will result from wheat being wet in shock. Corn shows considerable improvement and is generally in a satisfactory condition. Though the quantity of rainfall has hindered the cultivation of the crop to some extent in a few localities, in most cases the ground was in good condition before the occurrence of the recent heavy rains. Oats are generally reported to be light, though the late crop shows some improvement. Hay is about all saved. Tobacco is all transplanted. In most instances some improvement is reported in the condition of the crop. There are complaints of insects injuring this crop in Hopkins and Muhlenberg counties. All reports concerning trucks and gardens are good. Berries are plentiful.

Central Section.—Showers have been general, but not all evenly distributed in amounts. Excessive rains and thunderstorms have done damage in some localities by beating down the wheat and washing the soil. Wheat is very nearly all harvested, and will be entirely completed during the present week. All reports in regard to the condition and yield of the crop are encouraging. The work of harvesting and threshing has been retarded in this section of the State also by the frequency of showers. Corn has improved decidedly, and, though still small for the season in some places, it has a healthy appearance. All correspondents unite in reporting it as doing well. Oats are short and light, but the late crop is reported to be improved considerably. Tobacco has all been sown. The crop has received serious injury, but most of the correspondents report great improvement in its condition, having resulted from the favorable weather of the past two weeks. The cool nights during the latter part of the past week, seemed to check the growth of the plants to some extent in some localities. Reports on hay crop are very varied. Some report excellent crop all saved, and others report light crop;

# Friday's Cash Sale!

Money's saved when spent at HUNT'S.

PROPRIETORS.

### GLORIOUS FOURTH.

Everything in Shape for the Celebration at Fair Grounds Saturday.

A Big Crowd Expected to Witness the Many Attractions of the Day.

Prof. Charles Little arrived Wednesday morning and announces that everything is ready for the 4th of July celebration at the fair grounds Saturday.

He had a force of hands busy all day yesterday fitting up the stage where the high class vaudeville entertainment will be given, and other novelties of the day will be witnessed.

The members of the famous Royal Japanese troupe, the Mound City Quartette, the four child wonders and others who are to take part in the day's program will reach Maysville on the steamer Sherry Friday night.

Professor Little presents a fine line of attractions for the day, and says everything points to a big crowd.

Remember, low rates are offered on railroads and steamboats for his occasion.

#### Electric Park Theatre.

There was a fair sized audience at the park last evening. The phantoscope was in perfect working order and gave the best of satisfaction, several of the views being exceptionally fine. The recent additions, Messrs. Wilson and Newton, proved themselves worthy of recognition on any program. Their singing stamps them as artists of no mean ability.

The manager is doing all in his power to present a clean, clever entertainment at a nominal price. Attest your sincerity of desiring some place of amusement by lending your presence.

Performance will begin promptly at 8:20 p. m.

#### Holiday at the Postoffice.

As July 4th falls on Sunday this year, Saturday, July 3rd, will be observed as a holiday at the postoffice.

There will be one delivery and collection by the carriers at 7 a. m. and a collection at 4 p. m.

The general delivery will be closed at 11 a. m.

#### Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever tores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. James Wood.

MR. WILLIAM WOOD and Miss Nettie Osborne were married last evening at "Hilltop," near this city. The groom is turnkey at the county jail.

#### MRS. ELIZABETH BODE.

She Passed Away Last Night After An Illness of Several Weeks.

Mrs. Elizabeth Bode died at 10:30 o'clock last night at the home of her daughter, Mrs. Jacob Cablish, 308 Forest avenue. She had been failing for three months, more from the infirmities of old age than from any special disease.

Deceased was born in Germany but had been a resident of Maysville over fifty years. She was in the eighty-third year of her age. Five children survive her, Mrs. Louis Kapps, of Cincinnati, Mrs. George Hughes, of Covington, and Mrs. Cablish and Joseph and Frederic Bode, of this city.

The funeral arrangements had not been concluded this morning.

The Union Trust Company declared a dividend of 7 per cent. Wednesday.

## YES,

### Matters Are Improving!

Hundreds of times within the past month have we been asked if business is improving.

Above is our answer.

The improvement in prices in our home-grown products has a tendency to lead people to buying better qualities than they did in the past three years.

As an evidence of this we can truthfully say that since the advance of price in tobacco we have sold more of our highest class of goods than in thrice the given time in the past few years.

It is a great satisfaction to a merchant to sell good, reliable goods. Greater still when he knows his efforts in that line are appreciated.

The season for selling summer clothing is drawing to a close. Having bought only the highest grades of garments, we have nothing of any hard character to offer as a catch.

To be sure, in many of our lines sizes are broken, but if you can be fitted you will buy the choicest of clothing at less than you pay for ordinary stuff elsewhere.

From the 1st to the 10th of July we will devote to a clearing sale throughout all of our departments. If you desire to partake of some of our good things, come along.

Friday, Saturday and Monday we will have plenty of help to wait on you.

## HECHINGER & CO.,

Dealers in Good Clothing!

## BARGAINS

IN

## Hot Weather Goods

Lawn, fine sheer quality at 5c.; beautiful new Dimities at 8½c.; all of our 12½ and 15c. Lawns at 10c. Just received, 150 doz. Val. Laces, from 25c. to \$1 per dozen—just the thing for trimming Lawns and Organdies. Empire Fans, new and beautiful styles, at 5, 10, 15 and 25c.

## Browning & Co.

FIRE and tornado insurance.—Boulden & Parker.

For a full line of pure drugs call at Ray's Postoffice Drug Store.

ISAAC BALLARD, of Vanceburg, has been granted an increase of pension.

Don't fail to see the Phantoscope at the park. Change of views nightly.

ABSOLOM BENTLY, of Adams County, accidentally shot and killed his wife this week.

FIRE INSURANCE.—Harry L. Walsh, agent, at law office Milton Johnson, Court street.

DR. L. F. PRESTON, the ex-Ripley physician, charged with murder at Denver, was promptly acquitted.

THE Commercial Building Trust Company of Louisville which was organized four years ago with a capital stock of \$11,000,000, assigned Wednesday morning. The liabilities are \$500,000 and assets about the same.

JOHN THOMAS, a blacksmith of Neel's Postoffice, back of Aberdeen, had his hand crushed by a horse falling on him. His arm swelled to enormous proportions, and blood poisoning is feared. He went to Cincinnati for treatment.

WATCHES in endless variety, prices lower than any other house. I am to-day showing the most select stock of diamonds ever shown in Maysville before, and at prices never equalled before.

P. J. MURPHY.

WHAT'S the matter with Ballenger's watches and watch charms? Nothing at all. They are the best to be had anywhere. He guarantees them to be just as represented. He has an elegant line of goods which he will take pleasure in showing you.

At Chicago a few days ago, Dr. A. C. Rankin, son of Rev. John Rankin the noted abolitionist, formerly of Ripley, was attacked by his crazy son-in-law, William Copp, and probably fatally wounded. Copp was arrested and a note was found on him saying that he intended to murder the Rankin family and then kill himself. He claimed his wife's relatives had made trouble between himself and wife.

ENQUIRER: "Messrs. George Frank, Charles Hayden and James A. Rennie, of Detroit, representatives of the largest seed house in the world, are taking their summer vacation on wheels and arrived at the Palace Tuesday night. They go from here to Maysville, Ky., by boat, thence to Lexington by wheel. They left Detroit Saturday. Monday they made 90 miles in 10 hours. They say that Michigan is now solidified for free silver and that Bryan would carry it by a large majority."

### ELECTRIC

## PARK!

NEXT WEEK'S PROGRAM.

A COMPLETE CHANGE OF PEOPLE.

An all star entertainment headed by that clever comedian, MR. W. K. MORROW, last season star of "Dr. Bill Co." CHULITA, the famous Spanish dancer, the only rival of Carmencia. NELSON and WILSON, operatic duo. BILLY BUTLER, Irish comedian, singer and monologist. THE ANDREWS, in a melange of high-class specialties. Don't forget a complete change of program beginning Monday eve, July 5th.

#### HAPPILY WEDDED.

Marriage Last Evening of Mr. Ernest Daulton and Miss Anna Gray. Pretty Nuptials.

The home of Mr. and Mrs. Lee B. Gray, of West Second street, was the scene of a most joyous event last evening, the occasion being the marriage of their daughter, Miss Anna, to Mr. Ernest Daulton.

The impressive ceremony that united the destinies of the young couple was solemnized at 8:30 o'clock, the officiating minister being Rev. S. D. Dutcher, pastor of the Christian Church of which both bride and groom are members.

A large crowd of relatives and friends was present, who joined in extending hearty congratulations and good wishes to the newly wedded.

After the ceremony the wedding supper was served, the menu embracing the delicacies of the season.

The bride is the oldest daughter of Mr. Lee B. Gray, Superintendent of the Electric Railway and electric light plant, and is one of Maysville's charming and most estimable little women. She wore a very pretty costume of white moire silk. The groom is the only son of Mr. and Mrs. D. Daulton. He is Deputy County Clerk, and is one of the city's upright, industrious and worthy young men.

The attendants were Miss Georgia Adanson, of Carlisle, and Mr. Wheeler Rasp, of this city.

Mr. and Mrs. Daulton will make their home for the present with the bride's parents. They received a large number of elegant wedding gifts.

MITCHELL, Finch & Co.'s Bank has declared a semi-annual dividend of 3 per cent.

**That Tickling**

sensation in the throat is instantly relieved by Dr. Bell's Pine-Tar-Honey—a wonderful remedy for coughs and all troubles caused by inflammation of the mucous membranes of the throat and respiratory organs. A purely vegetable compound, it contains nothing but healing and invigorating medicinal properties. **The E. E. Sutherland Medicine Company, Paducah, Kentucky.**

For sale by **THOMAS J. CHENOWETH, Druggist.**

**PERSONAL.**

—Rev. S. D. Boggs, of Catlettsburg, is visiting at Washington.

—Mr. Henry Adamson, of Carlisle, was a guest at the Daulton-Gray wedding last evening.

—Rev. E. L. Powell, of Louisville, has gone to California to attend the Y. P. S. C. E. convention.

—Miss Margaret Walton, of Covington, is the guest of Miss Emma Reams, of West Second street.

—Miss Lena Fristoe, of Covington, has returned home after visiting friends and relatives in this city.

—Mr. Christian Traxel is here from Germany on a visit to his sisters, Misses Sophia and Annie Traxel.

—Miss Stella Redmond has returned home after a pleasant stay with her sister, Mrs. J. D. Higgins, of "Camp Kenton."

—Mrs. E. L. Powell and her mother and sister, of Louisville, are expected to arrive to-day and will spend the summer here with relatives.

—Rev. Father Beeler, of Nicholasville, returned home Wednesday evening after spending a few days here on business, and meeting a host of very warm friends.

—Miss Reynolds and Miss Reed, of Carlisle, Miss Margaret Piper, of Hutchison Station, and Miss Angie Piper, of Millersburg, are guests of Mr. and Mrs. P. P. Parker near Mayslick.

—Mr. Stanley Watson leaves to-day at 1:30 for New York City where he will join a party of friends who will spend a few months across the waters. They will visit England, Ireland, Scotland, Wales, Switzerland, Belgium, France and Germany. It goes without saying that Stanley will have a pleasant trip as there is no cleverer and more genial gentleman than he. Bon voyage and a safe return home, is the wish of his many friends.

**Free Pills.**

Send your addresses to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25c. per box. Sold by J. J. Wood, druggist.

**Omnibus Driver and Fourteen Passengers Fall Into a Stream.**

ENGLISH, Ind., July 1.—Samuel Graves, driver of the Hazewood stage, accompanied by 14 passengers, met with an accident last evening which almost resulted in the death of all.

The vehicle was an omnibus. As they drove along the banks of the Blue river, which had been swollen, and the banks soft, the latter caved in, letting the four horses and 14 passengers into the stream. The current was very swift, and it was with difficulty that the people were saved after they had received a thorough soaking.

**BRADFIELD REGULATOR CO., Atlanta, Ga.**

SOLD BY ALL DRUGGISTS.

**PRESIDENTIAL APPOINTMENTS.**

A Number of New Names Sent to the Senate For Confirmation.

WASHINGTON, July 1.—The president has sent the following nominations to the senate:

Francis B. Loomis of Ohio, to be envoy extraordinary and minister plenipotentiary of the United States to Venezuela.

Consuls—Henry Borden of Minnesota, at Christians, Norway; John C. Caldwell of Kansas, at San Jose, Costa Rica; Philip C. Hahn of Iowa, at Trinidad, West India; Louis Lange, Jr., of Illinois, at Bremen, Germany; Joseph J. Stevens of Indiana, at Plymouth, England.

John R. Thomas of Illinois to be judge of the United States court in the Indian Territory.

John Russell Young of Pennsylvania to be librarian of congress.

Bernard R. Green, district of Columbia, to be superintendent of the library building and grounds.

Colonel Henry C. Merriam, Seventh infantry, to be brigadier general.

Thomas J. Yandell of Kentucky to be collector of internal revenue for the Second district of Kentucky.

John W. Yerkes of Kentucky to be collector of internal revenue for the Eighth district of Kentucky.

**Lineman's Horrible Death.**

CHATTANOOGA, July 1.—Charles Hull, a lineman in the employ of the Chattanooga Electric Light and Power company met a horrible death a few minutes before noon yesterday. Hull and several other linemen were at work on top of the 4-story Merchants' hotel. Hull picked up a live wire and by the shock was thrown over the roof of the building, falling on the pavement. He died in 10 minutes. The victim was horribly mangled. He was married.

**Don't Want a Job Until Fall.**

WASHINGTON, July 1.—N. B. Scott of West Virginia, who has been selected for commissioner of internal revenue, when the appointment is made, has told the president that he will go abroad with his family in a few days to be absent during the summer, and has requested that the appointment shall not be made until the first of December. This course is to be taken and Mr. Foreman of Illinois will remain in office until that time.

D., Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, a book of 1008 large pages, profusely illustrated, bound in strong paper covers, to any one sending 21 cents in one-cent stamps, to cover cost of mailing only. Over 680,000 copies of this complete family Doctor Book already sold in cloth binding at regular price of \$1.50. World's Dispensary Medical Association, Buffalo, N. Y.

**Both Were Drowned.**

NEW YORK, July 1.—The annual excursion of the County Cork men was held yesterday, two barges being taken out by the tug Laura M. Starin. There was a big crowd aboard, and while off Liberty island Miss Nora Murphy fell overboard. Bartholomew Clancy, to whom the young woman was affianced, jumped after her, and both were drowned.

**Collision and Sixteen Drowned.**

CONSTANTINOPLE, July 1.—A collision took place in the Dardanelles yesterday between the German vessels Rembeck and Berthilde. The former vessel sank almost immediately, and 14 of her crew were drowned, while a boat that was sent to the rescue by the Austrian guardship was capsized, drowning two.

On July 2nd and 3rd the L. and N. R. will sell round trip tickets to all stations at one and one-third fares. Return limit July 7th.

Office: Keith-Shroeder Harness Company.

**LAND FOR SALE!**

I will offer at private sale 660 acres of Land lying in Salt Lick Valley, in Lewis County, Ky., and two and a half miles from Vanceburg, the county seat, and on a good turnpike. There is 100 acres of bottom land and 560 acres hill land. The hill land produces tobacco, corn, wheat and grass and is also the finest fruit and strawberry land in the State. The bottom land grows corn, wheat and timothy hay, and has 1,000 choice fruit trees on it now. There are two good dwelling houses, a good stock barn, an almost new tobacco barn, a good corn crib and plenty of water for stock and family use. This is one of the best stock farms in the country. This farm is for sale under a judgment recently rendered in the Lewis Circuit Court and is offered at \$2,500, which is a very low price. Will make purchaser a warranty deed. For further information address E. C. ROWLAND, Vanceburg, Lewis County, Ky.

**STRAWBERRIES**

And Fruits of All Kinds, at Wholesale and Retail.

Having my customary arrangements with some of the most experienced fruit growers my house during the season about to open will be headquarters for

**STRAWBERRIES, RASPBERRIES, BLACKBERRIES, PEACHES, ETC.,**

of the very finest quality. This fruit will be handled with the greatest care and received by express and placed on the market here on the same day it is picked and will always be one day fresher than any other shipped to this market. All orders shall have my personal attention and billed at lowest prices ruling on day of receipt of order. I have also laid in, at extremely low prices, a very large supply of MASON FRUIT JARS. Persons having to buy will find it greatly to their advantage to get my prices before buying. My house is also headquarters for all kinds of fresh vegetables. Everybody invited to call and make themselves at home.

Telephone No. 88.

**R. B. LOVEL**

**THE LEADING GROCER.**

**At Ruggles' Camp Ground,**

SATURDAY, JULY 3, at 10:30 a. m., the following privileges will be let to the best bidder: Hotel, Confectionery, Stable, Baggage room and Barber shop. The board reserves the right to reject any or all bids.

The meeting on these beautiful and much improved grounds will be held beginning July 22 and closing on August 1. Eminent divines will be present. Rev. M. Swadner, of Cincinnati, O., and the ministers of the Covington and Ashland districts are expected to be present. The singing will be in charge of Prof. J. G. Crabbe, of Ashland, assisted by a splendid choir, which is an assurance that it will be all that can be desired. A fourteen-room house has been built with porches all around, making accommodations for any and all comers. The Tabernacle has been enlarged and the hotel will be improved by the directors this year. And the best of all is we have excellent water—two large cisterns and three wells. One of the wells is 150 feet deep, the water of which has been analyzed and contains the following medicinal qualities: Total solids, 3.6 to the liter, soluble salts 3.16 to the liter; consisting of chlorides and sulphates of magnesium, sodium and potassium; insoluble salts, 0.44 to the liter, consisting of calcium carbonates with traces of iron.

The meetings will be in charge of Revs. G. R. Frengt and J. G. Dover, Presiding Elders of the Covington, Maysville and Ashland districts. If you desire tents visit

I. M. LANE, Maysville, Ky.

**THE SEASON IS NOW AT HAND FOR STRAWBERRIES,**

And we have been informed by the grower who furnished us with berries last season that the crop is very promising, and we have made arrangements to handle from twenty-five to fifty bushels per day, which enables us to furnish our patrons with the finest berries shipped to this market, both at wholesale and retail. Special attention given to mail orders.

We will continue to sell staple Groceries at remarkably low prices, a few of which we quote below:

1 gallon New Orleans Molasses.....	35
